GBS Portable Mount

- High-quality switch suitable for all gigabit network applications including video transfer.
- Reconfigurable! Any combination of Rack Mount unit's data port modules can be moved between front and rear panels.
- Optional fibre connectivity via one or two heavy duty OpticalCON QUAD connectors.
- Gigabit Ethernet ports: Eight to ten auto-switching with four-grade EtherCON connectors.
- Internal components shock-mounted for reliability.
- Compatible with a wide range of entertainment-specific protocols, including HippoNet, ACN, ArtNet, CobraNet, ETCNet, Ethersound, and MA-Net.
- Variable power input, 90-260 VAC, 50-60 Hz with PowerCON connector.
- Portable Mount GBS comes standard with pre-drilled, removable yoke for a variety of convenient mounting options.
